Dear: Organizer

Ref: **Bowling Fundraiser**

Many organizations and clubs are looking for different ways to make money. Due to the economy, donations are down everywhere. Suburban Lanes has a solution. Why not run a bowling fund raiser. With our system your group is sure to make monies even if you have never run a bowling fundraiser before.

Suburban Lanes hosts many fundraisers throughout the year due to our great restaurant and our size. Fund-raising at Suburban is like renting your own bowling alley. No other events take place at the same time. Your organization has pretty much free reign of the lanes.

Suburban has fund-raising down to a science. We have all templates needed to run an efficient fundraiser. We have the template with format. We also have the score, handicap, pre-registration and sign in sheets. We add your information to our template. We then E-mail to you and then you in turn e-mail to everyone else. Our facility can host up to 48 couples at one time. We have fun and interjected various games as well, which in turn makes more money for your group.

Given the chance, not only can we help you raise monies for your fundraiser, but also show you how to make it great fun for everyone involved. When everyone is having fun their pockets become a bit looser, again putting more money into your pocket. Give us a call and book your fundraiser today.

Thank You

Ron Daniels
